

OLC #16-3114

ODP-8-5278
13 October 1978

STAT MEMORANDUM FOR: [REDACTED]
Executive Assistant, OLC

STAT FROM : [REDACTED]
ODP/BD

SUBJECT : Legislative Counsel Automated Management
System (LAMS)

1. ODP is pleased to submit, for your approval, the attached OLC Automated Management System (LAMS) Feasibility Study/Project Proposal. This document was prepared as a joint effort by members of your staff and myself.

2. LAMS is an automated system for OLC to track mail, journal entries, telephone conversations, and briefings. It is designed to replace the current manual operations used to perform the above functions. It is recommended that LAMS be implemented on the ODP GIM-II System. The software is expected to be implemented in approximately three weeks at a cost of \$2,000 of ODP funds. OLC will be responsible for requesting the installation of the computer terminals.

3. If you would like ODP to follow up with the proposal as outlined in the recommendation, please sign below and return the original copy.

STAT 4. If there are any questions, please call me on
